

RELIANCE

NASREEN VILLA

A PROJECT OF RELIANCE HOLDINGS LTD.

About Us

Reliance is leading to change the process of design, architecture and engineering within the construction industry of Bangladesh, with an unrivalled wealth of knowledge, experience, technology and the support of its British architects and engineers for delivering high quality buildings and properties using state of the art British design and structural engineering in the rapidly growing property market in Bangladesh. Reliance is an aggressive and innovative company working with its British Partners JEYMAR LTD.

A Scottish property company based in Dundee Scotland. With over a quarter of a century's building experience both in Scotland and Bangladesh behind us we have developed the necessary skills and technology, through a broad and visionary approach to meet the demand of the constantly changing needs of customers who are searching for higher standard and quality at a realistic price to build better properties to compete with western standards. Whether we build a small property or a huge multistoried complex, reliance will ensure the customer requirements are met with flexibility and innovation combined with total commitment to achieving the highest standard and the best results without compromising on standard and quality, turning each property into a safe, comfortable and a beautiful home. It is our desire not just a promise to value our customers above all and to be determined to produce an ever better construction, to make it our priority of protecting both our clients and our staffs interest through detailed attention to quality, standard, safety, and environmental issues. To be flexible, skillful and efficient while containing prices and producing a better constructing and finish. To build on our skills and put them to broader application to ensure that **reliance is always a "No nonsense," "No surprises" builder.** We value our experience, training and reputation and take pride in it.

Raj Hossain

Location Map

Prestigious Place of the Country

Reliance Nasreen Villa is another prestigious project of Reliance Holdings Ltd. with single Unit flat in each floor at one of the most prominent spot at **Plot # 647, Road # 20, Block # "F"** at Bashundhara Residential area, designed according to new Rajuk building code, 2008. It is very close to north south university, independent university, Apollo Hospital, International school Bashundhar Gold GYM, Central Mosque and Viqarunnisa Noon School (5 to 10 minutes walking distance). Like all our other projects the design work of **Reliance Nasreen Villa** has been undertaken by reputable Bangladeshi architects in collaboration with British architects who have worldwide experience of state of the art design technology to make a building elegant comfortable earthquake proof and safe. The unique aspect of this development is that it has been designed to maximize the openness and be the subject of more than sufficient air and light and the open sky. We believe this is the place where you will find your dream home into reality. We would like to request you to go through the brochure which will provide you the details of the project. Should you have any further query please call our friendly marketing team or step in to our office ever ready for you.

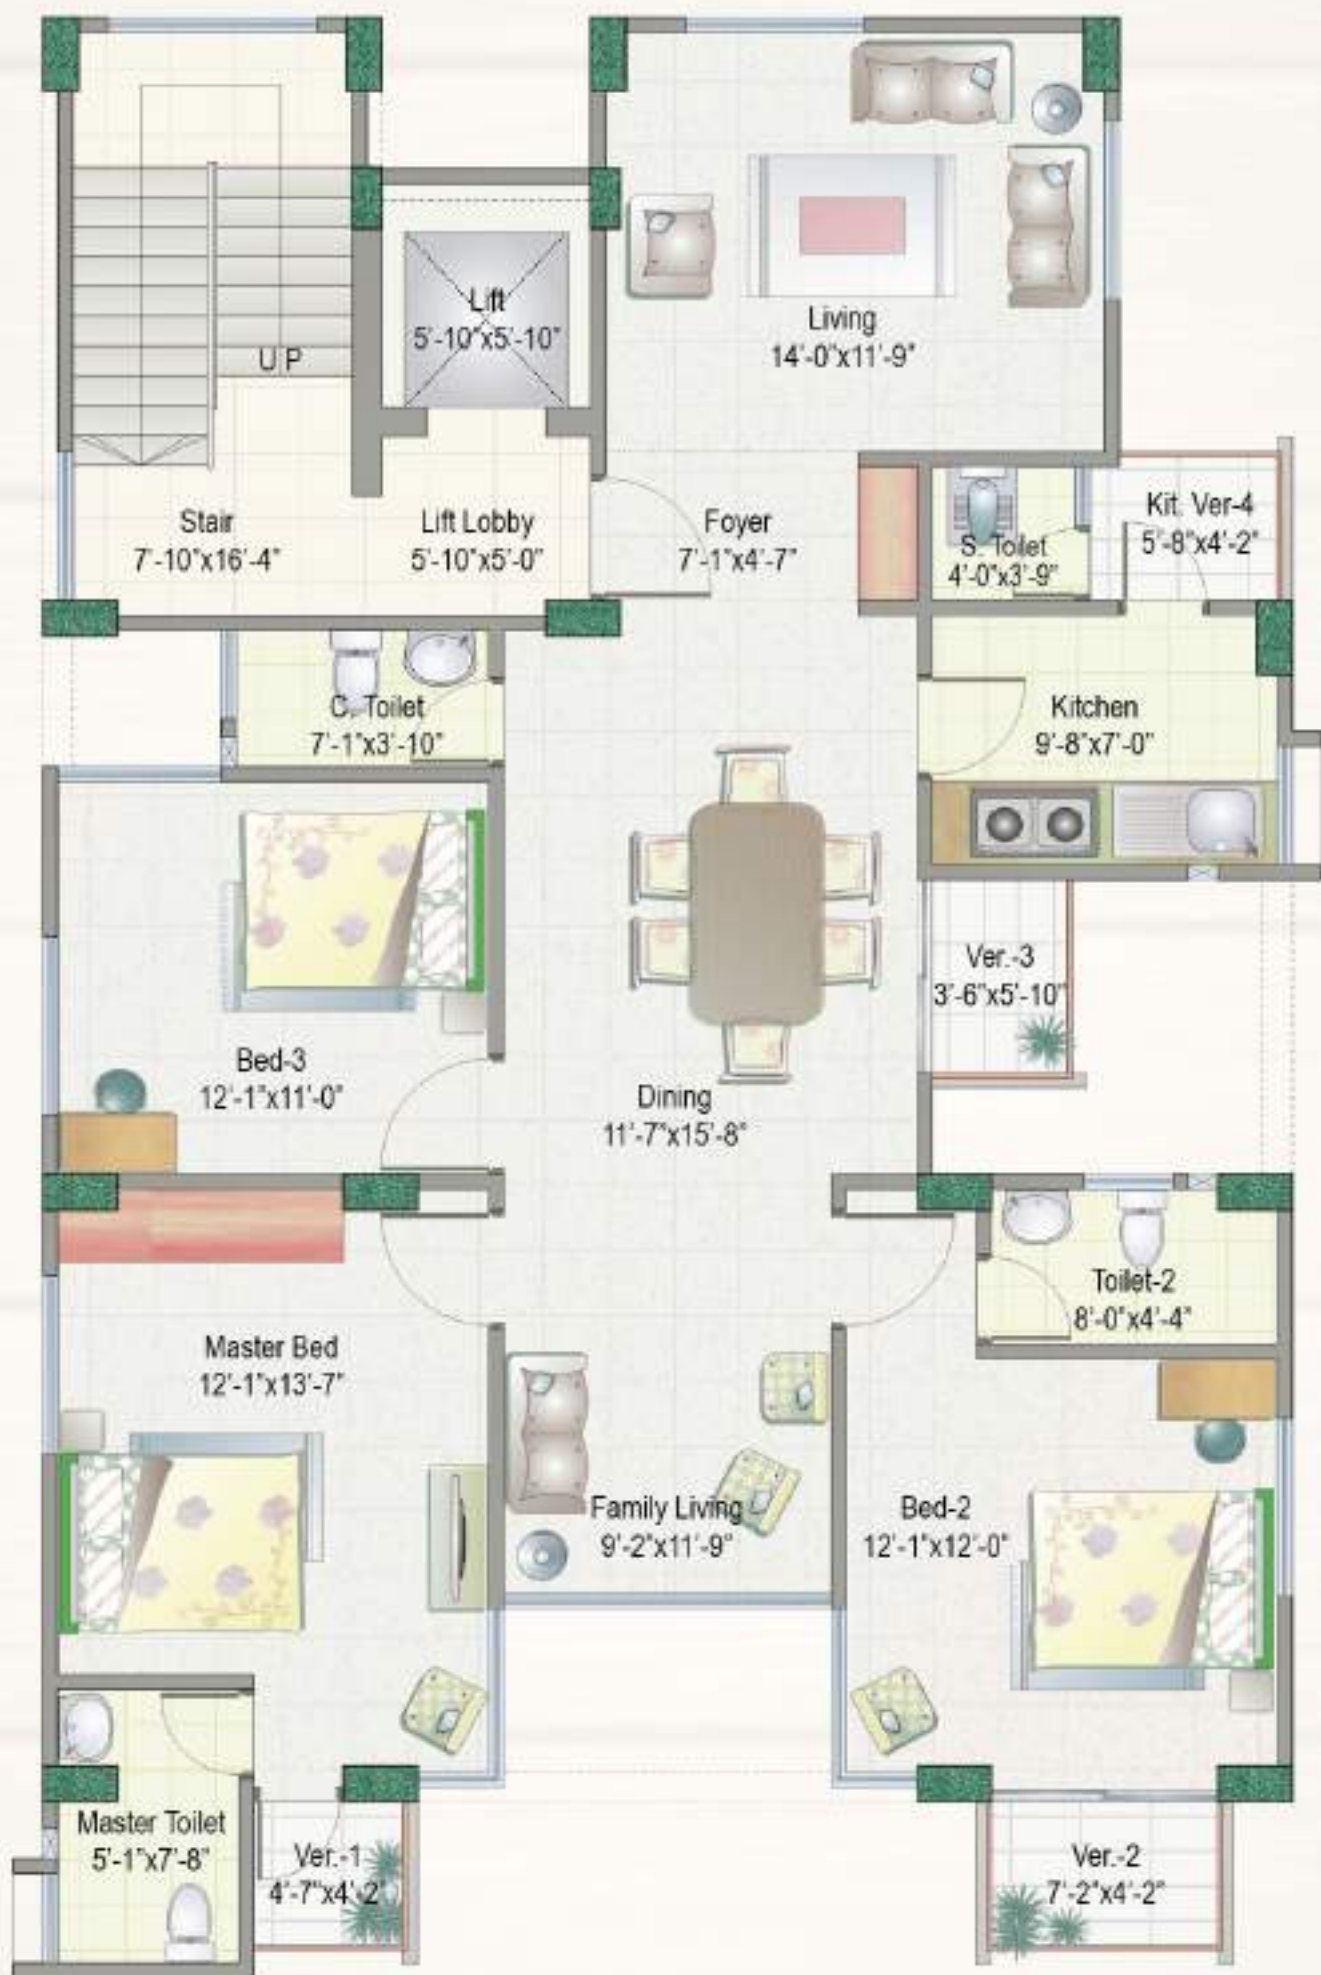

Our strength includes quality, timely delivery of product and commitment to customer.
